

Supply List

Required supplies:

All the basic supplies you need for this class will be provided and covered by your materials fee

(your \$20 fee includes the wax medium, basic brushes, paints, pigments, linseed oil, 2 boards to work on and a variety of papers and items to collage with.)

Workshop Tip: Dress comfortably, you may want to bring a shop apron as painting can get messy. Don't wear anything precious.

Additional Optional items: Materials you may bring if desired

- Reference materials, sketchbooks and/or previous work you want to continue to experiment with wax such as drawings, photos, watercolors, oil paintings etc. No acrylics.
- If you want more surfaces to paint on than the two provided, feel free to bring them. Thick matte boards, canvas boards or Masonite panels work well. You might want to bring several small (6" x6") boards to experiment on.
- Basic colors in paints and pigments will be supplied. You may want to bring additional colors. Dry pigments, oil paints, oil sticks, oil pastels and soft pastels all work well with wax. No acrylics, dyes or water-base paints.
- Beeswax is a good collage medium. I will have some collage materials but if you like to do collage, I encourage you to additional materials. These could include magazine images, photos, text from books, ink jet prints, fabric, yarn, different papers, maps, dress patterns, leaves, twigs, etc.
