**Information on
Pastel Expressions: Celebrating the Summer Solstice Mini Workshop
at Whispering Woodlands**

Wednesday, June 20 2-5 p.m.

Celebrate this longest day of the year with creative play! We'll work with soft and iridescent soft pastel on colorful papers creating designs that combine symbols of summer with your own imagery. No drawing or painting experience necessary, but all levels will enjoy the processes. The instructor provides all materials. Experienced pastelists, feel free to bring your own supplies, too.

Stay for the optional evening potluck dinner and campfire (and possible drum circle) for a relaxingly summer solstice celebration.

I look forward to a lovely afternoon (and evening, if you plan to stay) with you at Whispering Woodlands!
